Add-on Trunk Lip Spoiler  
Trunk Spoiler  
Rear Diffuser with ground effect panel  
Antenna Airfoil

# INTRODUCTION

Following the success of the 2007 C63 RBS kit, Revozport have responded with this RBS II aerokit for the 2012 C63 Coupe/Sedan/Estate.

The RBS II design features a more aggressive front twin decked splitter, a vented lightweight carbon bonnet, side skirts with rear bumper flares, the signature rear diffuser with ground effects (this time with an addition of the cooling vents) last but not least the trunk spoiler.

(For coupe models, they come in 2 different version. An addon version and a full replacement aggressive type.

AN EXPERIENCE YOU WILL NEVER FORGET

# C63 OE STYLE

## C63 Carbon Induction System for “C63 (2007-2013)”

---

For the non facelift W204 C63 AMG engine. This carbon fibre cooling kit replaces the original plastic trims and provide more cooler and ram air into the intake plenum.

## Front Grill

# C63 RBS II (2012)

## Front Splitter

---

The RBS II Front Splitter is made by vacuum infusion technology with 3K twill weave carbon fibre. It is designed as a 2pcs combined product to allow better flowing of the air going through the front bumper.

Applicable to all 2012 C63 Coupe, Sedan or Estate.

## Side Skirt Set

(set of 4pcs)

---

The RBS II Side Skirt set comes in 4 pieces, 2 underneath the door sills and 2 at the rear bumper echoing the overall design flow of the door sills and through to the rear bumper.

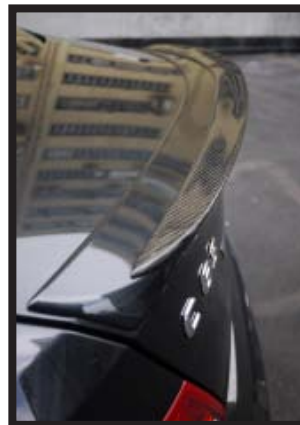

## Trunk Spoiler

---

The RBS II trunk spoiler replaces the original AMG spoiler and is designed with a more aggressive angle to create higher downforce.

Applicable to C63 Coupe Only

## Add-on Trunk Spoiler

---

As the name suggest, it is a small lip spoiler that adds on to the C63 Coupe AMG spoiler. This gives a much more aggressive look and a little different to the usual.

Applicable to C63 Coupe Only

## Rear Diffuser with Ground Effect Panel

---

Our signature product for the C63. This rear diffuser is designed for multiple purpose, (Heat Dissipation from the rear differential & High rear downforce). The 3 fins diffuser are more aggressive than the original and goes perfect to the complete RBS II aerokit.

Applicable to C63 Coupe & Sedan Only

## Antenna Airfoil

---
